"Thank you for your amazing art class. My daughter had so much fun. She was showing off her drawing after the class. You made her feel special and that has given her a new found confidence in drawing. Only great teachers can do that. You're one of them!" — Pat Stehling, Quogue Library

STUDIO BASICS MADE EASY

PAINTING - COLOR MY WORLD

Painting is all about color. Learn the "science" of color as you enjoy the hands-on experience of mixing colors alongside professional artist, Joyce Raimondo. Be guided to create a color wheel and explore gradations, tones, values, and complementary colors — all made easy. This basic knowledge will improve your painting skills and make your artworks come to life.

PAINT SUPPLIES: white paper, water based paints, brushes, water in container, rag or paper towels, palette or wax paper to mix paint, pencil. Don't have paint? Try colored pencils instead.

ANYONE CAN DRAW!

Improve your drawing in one hour! For anyone who enjoys drawing, learn a simple technique to improve drawing skills and sharpen your observation. In this fun session, you will learn how to draw faces and just about any subject with more accuracy using blind and sighted contour drawing.

DRAWING SUPPLIES:
paper for your artwork, pencil, sharpener, eraser, mirror

FLOWERS INTO PAINT

Flowers that burst into color! Inspired by popular American artist, Georgia O'Keeffe, Joyce demonstrates how to design beautiful floral paintings that are larger than life. Capture the beauty of your favorite flower as you learn basic painting skills. (Note; O'Keeffe's techniques are explored in this video, but images of O'Keeffe's art are only included in our interactive virtual workshops not the video due to copyright.)

PAINT SUPPLIES: real or plastic flower or flower photo to paint, white paper or canvas, water based paints, brushes, water in container, rag or paper towels, palette or wax paper to mix paint, pencil. Don't have paint? Draw instead.
